

Precast Concrete Buildings VAULT RESTROOMS

CXT® manufactures precast concrete restroom, shower, concession, and multipurpose buildings for use in parks, recreational areas, and education facilities throughout the United States and Canada.

Double Vault Restrooms - 11' 11" x 14' 4"

Double Cascadian

Tioga

Double Rocky Mountain

Sweet Smelling Technology

Designed and placed to ensure an unobstructed airflow over the top of the vent stack for passive ventilation.

The location of the wall vent and orientation of the building takes advantage of the unobstructed airflow.

The positive continual air flow carries the vault air out through the vent pipe keeping the building odor-free.

Single Vault Restrooms - 6' 6" x 14' 8"

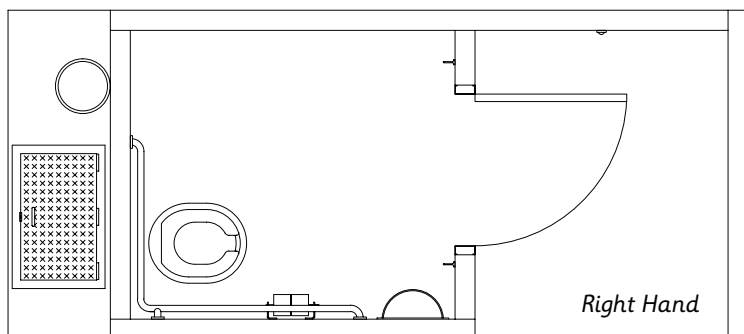

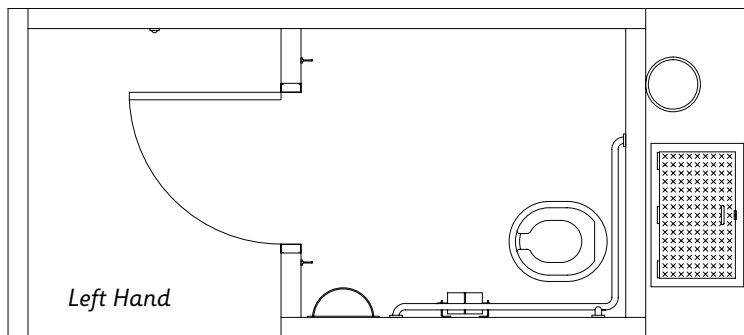

Cascadian

Gunnison

Rocky Mountain

> Simple to Install

Minimal site preparation is required and buildings can typically be in use on the day of installation.

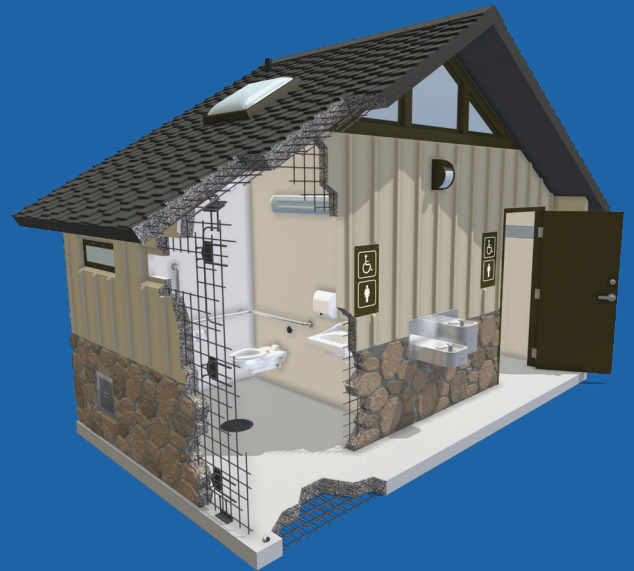

> Ready to Use

Prefabricated and delivered complete and ready to use.

> Easy to Maintain

Interiors are designed to resist abusive wear and can be quickly cleaned with warm soapy water and a brush.

CXT buildings are delivered to your site ready to use and require minimal site preparation. Our structures are manufactured with high-strength precast concrete floors, walls, and roofs and can withstand extreme conditions caused by flood, snow, wind, and zone-4 seismic loads.
