Mobile phone number: [REDACTED]

Dear David,

Thank you for considering us for your project. The cost estimate for the work discussed during today's meeting is as follows.

ESTIMATE # 25040501

Backyard:

1. Concrete pouring with an acid-wash finish ~494 sqft (3000 PSI, fiber mesh, and expansion foam where needed), with the following options:

Option A: -

Pouring one solid slab: \$6422*

Option B: -

Pouring a 2x4 pattern: \$7622*

*Prices include demoing 5-6 concrete pads.

2. Drainage system with 4 inlets for the backyard and driveway: \$600

3. Installing the broken concrete pieces from the demolition under the large tree: \$200

4. Driveway replacement with an acid-wash finish ~1390 sqft (3000 PSI, fiber mesh, and expansion foam where needed) with the following options:

Option A: -

Pouring a solid slab with rebar: \$18765

Option B: -

Pouring a 2x4 pattern: \$21765

5. Driveway concrete pouring a 2x4 pattern (~180 sqft) with an acid-wash finish: \$3020

=====

Total with Options 1A and 4A: \$29,007

Total with Options 1B and 4B: \$33,207

Discount (If all the concrete for items 1, 4, and 5 is poured together): \$2,064

After-Discount Total (Option A): \$26,943

After-Discount Total (Option B): \$31,143

=====

If you want to proceed with the proposal, please reply to this email, and we will send you the agreement and lock in a date for your project. Deposits are not required at signing, and you may cancel three days before the contract commencement date.

Re:200A Service Upgrade, 100A Sub Panel (charger, 4 receptacles and 6 lights) and 2 car chargers.

David,
Rivera Electric LLC. is pleased to offer the following quotation for the electrical work for the project mentioned above. This quotation is to upgrade the service panel in your home to a new 200A service and add a car charger on the Main house car port. Rivera Electric will also install a new 100A sub panel in the garage. Here we will also install a car charger, 4 receptacles and 6 lights.

1. 200A Service Upgrade.....	\$ 4800.00
2. 100A Sub Panel.....	\$ 5200.00
3. 2 Car Charger.....	\$ 1500.00
4. (Garage) 6 lights and 4 Receptacles.....	\$ 2000.00
Total.....	\$ 13500.00

Rivera Electric LLC
(909) 971-7704 Phone
CA License No. 1132605

301 East Arrow Hwy. Suite 101 #1035 San Dimas California 91773

Clarifications:

- Rivera Electric LLC has included fees for permits to do only the work specified in scope of work. Any extras or changes shall be covered by the client.
- Price includes minor rework of existing conduit and circuits. If Edison (Current Service Provider) is to move their service to a different location, the price may need to be adjusted to cover cost.
- Price includes trenching up to 80ft away from Main Service
- Price includes all trenching equipment and backfill equipment
- Price includes all necessary material needed to get from main service over to new sub panel.

Scope of Work:

1. 200A Service Upgrade

- Rivera Electric will contact Edison (Current Service Provider) to confirm the new electrical service panel location and remove the lock from the current panel.
- Old service panel will be removed and disposed of.
- A new service panel and riser will be installed with new feeders.
- Existing circuits shall be brought back to the new service panel and terminated.
- Rivera Electric will meet with the inspector and correct any issues/receive sign off for project.

2. 100A Sub Panel

- Rivera Electric LLC will trench 80ft to new sub-panel location
- We will core into garage and LB to the back of the new Sub panel installed inside garage.
- Terminations will be complete both in main service and new sub panel.
- Rivera Electric will meet with the inspector and correct any issues/receive sign off for project.

3. 2 Car Charger

- Rivera Electric will install one car charger at the Carport connected to the main house.
 - Owner to provide charger, we will supply raceway and wire needed to complete charger
- Rivera Electric will install one car charger at the entrance closest to the sub panel in the garage.
 - Owner to provide charger, we will supply raceway and wire needed to complete charger

4. (Garage) 6 lights and 4 Receptacles

- Rivera Electric will install 4 GFCI protected receptacles in the garage.
- Rivera Electric will install 6 Lights with one switch in the garage.
